Why is a New Hostel for Students of the College of Medicine, University of Ibadan (CoMUI) Required?

Housing All Clinical Students within the Hospital Premises
is an Accreditation Requirement of the Medical & Dental Council of Nigeria (MDCN)

CoMUI is unable to utilize the full MDCN allocation for admission into Medical School (MBBS)
because of a Shortfall in Accommodation Spaces for Clinical Students

Students living Outside the Hospital Premises are Subject to Increased
Security Risks & CoMUI has had to deal with unfortunate situations

Students living outside the Hospital tend to have Limited Learning Experiences because
they are unable to attend late evening learning sessions
