TO WHOM IT MAY CONCERN

**RE: NON-RELEASE OF RESULTS OF 600 LEVEL MEDICAL
AND DENTAL STUDENTS**

The attention of Management has been drawn to the concern of stakeholders over the non-release of results of 600 Level Medical & Dental Students who recently completed their studies.

Management informed the Vice-Chancellor on the development and sought his directives. The Vice-Chancellor directed that the students should pay the appropriate fees before their results are released. This is in line with the decision of Senate.

The Executive Committee of the College of Medicine shall be meeting with the students shortly to work out modalities for effectively carrying out the directives of the Vice-Chancellor.

Please be assured that Management is working hard to bring the situation to a logical conclusion.

Thank you.

Dr. Ikeoluwapo O. Moody

Deputy Registrar & Secretary to the College
