Ref: R/12/V.9

Date: 12 April, 2019

UNIVERSITY VEHICLES

Management has noted with deep concern, the recurring incidences of members of staff who are non drivers, driving official vehicles within and outside the University community.

Management wishes to reaffirm the University subsisting regulation that forbids persons not employed as Drivers by the University from driving University vehicles at any point in time.

University Insurance does not cover such persons in case of accident or theft of the vehicles.

Members of staff are therefore enjoined to desist from violating this University rule.

Thank you.
