II. Employment history (present and previous appointments with dates):

a. October 2018 – Till Date

Senior Lecturer, Department of Health Policy and Management, Faculty of Public Health, College of Medicine, University of Ibadan, Nigeria.

Job responsibilities and experience

I teach medical students and master’s students about health systems and policy with a focus on financing healthcare. I conduct research in the areas of my teaching. I am also

involved in relevant community service. I also consult in the outpatient clinic of the University College Hospital Ibadan where I am an honorary hospital consultant. Currently, I am the acting Head of the Department.

b. April 2015 – September 2018

Lecturer 1, Department of Health Policy and Management, Faculty of Public Health, College of Medicine, University of Ibadan, Nigeria.

Job responsibilities and experience

I teach medical students and master's students about health systems and policy with a focus on financing healthcare. I conduct research in the areas of my teaching. I am also involved in relevant community service.

c. Nov 2013 – April 2015

Assistant Director, National Agency for the Control of AIDS (NACA), Federal Ministry of Health, Abuja Nigeria.

Job responsibilities and experience

While I was with my former Organization (NACA), NACA was the Principal Recipient (PR) of Global Funds to fight AIDS, Tuberculosis, and Malaria. I was a Manager for some of the sub-recipients (SRs) Non-Government Organizations (NGOs) of the Fund. My responsibilities were to track the performance indicators of these SRs, provide technical assistance where necessary, and as well as recommend if the financial support provided to them should be reviewed based on performance. I was also involved in partnership meetings with organizations such as the Global Fund, WHO, and UNAIDS among others. There was also a forum for inter-ministerial collaboration with relevant non-health sectors of the Federal Ministry of Health of Nigeria.

d. Feb 2012 – Oct 2012

Lecturer I, Department of Community Medicine, Bowen University (Of The Nigerian Baptist Convention), Iwo Nigeria.

Job responsibilities and experience

I teach medical students the basic science of public health such as epidemiology and health management. I conduct research in the areas of my teaching. I am also involved in relevant community service.

e. July 2010 – Nov. 2011

Senior Health Policy and Systems Management

Advisor, Family Health International (now FHI360),
Federal Capital Territory, Abuja, Nigeria.

Job responsibilities and experience

As the Senior Health Policy & Systems Advisor, I was involved with project implementation, especially with potential beneficiaries. I facilitated a partnership with community leaders to enhance the implementation of sustainable public health projects. This also involved working with NGOs who were SRs on the PEPFAR Grant. I was responsible for the coordination of periodical writing and submission of reports. I was in charge of the FHI projects in the Federal Capital Territory, Nassarawa, and the Benue States of Nigeria. Training workshops, seminars, and meetings were regular features of our activities which I supervise too.

f. Nov. 2008 – July 2010

Community Health Specialist,

Family Health International (now FHI360),
Federal Capital Territory, Abuja, Nigeria.

Job responsibilities and experience

This was essential as in (e) above, however, on a smaller scale.

g. Oct. 2002 – Oct. 2008

Residency Training in Public Health, University College Hospital, Ibadan, Nigeria.

Job responsibilities and experience

Provided healthcare services to patients in the hospital clinics. Co-teach medical students and carry out assignments allotted to me by supervising consultants.

h. Jan 2000 – October 2002

Medical Officer of Health (MoH), Ibadan North West Local Government (LGA),
Local Government Civil Service Commission, Ibadan, Oyo State, Nigeria.

Job responsibilities and experience

As the MoH, I was the Head and coordinator of public health control programmes such as malaria, tuberculosis, immunization activities, and environmental health and water. This also included maternal and child healthcare programmes. This was made possible by working with managers of these programmes. My role also involved facilitating the Political Will of the Local Government Authorities to release funds and provide other necessary support. I also facilitated the provision of technical assistance and support of the state and the national levels of government. UN partners such as the WHO and UNICEF do provide infrastructure such as fridges and freezers to ensure the maintenance of a cold-chain of vaccines for the use of eligible children on the LGA.

i. Aug. 1996 – Dec. 1999

Medical Officer, Toun Memorial (Private) Hospital, Ibadan, Oyo State, Nigeria.

Job responsibilities and experience

Provided healthcare services to patients in the hospital clinics

j. May 1995 – May 1996

Medical Officer, National Youth Service Corp, Police Clinic, Police Headquarters, Sokoto, Sokoto State, Nigeria, and Federal Government College, Sokoto, Sokoto State, Nigeria.

Job responsibilities and experience

Provided healthcare services to patients in the hospital clinics. Gave health talks on relevant prevention of relevant disease conditions in the environment.

k. Feb. 1994 – Jan 1995

House Officer, Obafemi Awolowo University

Teaching Hospital, Ile – Ife, Osun State, Nigeria

Job responsibilities and experience

Attend to patients in the hospital clinic and carry out other assignments as directed by the supervising consultants.

Consultancy Jobs/Grant membership/ Services to foreign institutions

l. April 2022 to Date

Visiting Scholar, School of Medicine and Allied Health Sciences, Department of Public and Environmental Health, University of The Gambia, Gambia

Job responsibilities

Co-teach masters students in the following courses:

MPH 712: Health Economics and Financing

MPH 705: Health Systems Management

m. April 2021 – January 2022

Project Site, GCRF_NF151 COVID 19: Determining Trustworthiness and Safety of Remote Consulting in Primary Healthcare (REaCH) for Disease Populations in Africa; A two-stepped wedged non-inferiority, cluster randomised clinical trial (SWRCT), with nested process evaluation, with a focus on increasing the use and improving the quality of remote consulting among marginalised people in low- and middle-income countries such as Nigeria.

Job responsibilities and experience

Educator/Facilitator, training of trainers on the REaCH Project

n. February 2020 – June 2020.

Lancet Nigeria Commission: The Lancet Nigeria Commission: investing in health and the future of the nation [https://www.thelancet.com/journals/lancet/article/PIIS0140-6736\(21\)02488-0/fulltext](https://www.thelancet.com/journals/lancet/article/PIIS0140-6736(21)02488-0/fulltext)

Job responsibilities and experience

Policy Analysis of Nigeria Health System with focus on the National Health Insurance Scheme

o. May – September 2020.

Women Work With Partners (Bill & Melinda Gates Funded Project)

Job responsibilities and experience

Policy analysis and review of the project outcome.

p. 2017-2019

Farming Practices as Risk Factors for Chronic Kidney Diseases in Nigeria (A grant-funded research work)

Job responsibilities

Co-investigator

q. 2016-2018

Global Fund financed research work titled 'Quality of Tuberculosis Service Delivery and Treatment Outcomes in Nigeria

Job responsibilities

Co-investigator

r. March 2016 – May 2017

Oyo State Social Health Insurance Programme, Ministry of Health Oyo State, Nigeria.

Job responsibilities and experience

As a member of the design and implementation Committee of the State Health Insurance Scheme, I was actively involved in determining the premium for different categories of people in the state, modalities of enrolment, and methods of collection of premiums among other design components.

s. April 2014

MSc Health Economics Programme, Department of Economics, Faculty of Social Sciences, Obafemi Awolowo University Ile-Ife, Nigeria.

Job responsibilities and experience

Curriculum in the master in health economics developed with other staff members of the Department

t. July 2005 and September 2007

Technical Facilitator, Polio Programme Ministry of Health, Oyo State, Nigeria

Job responsibilities and experience

Provided support and technical assistance to improve immunization and surveillance programmes.

u. Service to International bodies

May-August 2007.

Member STOP Polio Team 25 Centres for Disease Control and Prevention/World Health Organization Dhaka/Cox's Bazar, Bangladesh Southeast Asia

Job responsibilities and experience

Provided support and technical assistance to improve national immunization and surveillance programmes in Cox-Bazar, Bangladesh. This also included disease surveillance and reporting. I worked with the government ministry throughout this time.

III. Languages other than English

Yoruba – Fluent in speaking, reading, writing
